

DJ Bobo, Vampires Celebrate

Vampires celebrate
All creatures of the darkness come together
Time is now or never, play the game
Vampires celebrate
Tonight's the night we're gonna show our passion
Wear the darkest fashion, for your fame
Vampires celebrate
All you vampires everywhere
Blood runs cold accept the dare
Now it's time to rule the world
We're jumpin out of our graves
No more longer deadly slaves
Take the prize, take it tonight
So young
We're gonna be forever young
Have fun
The ride has just begun
Let us dress in handsome robes
Come and spread around the globe
Because our legend never dies
There's no chance to run away
And no place to hide, let's play
A thousand years we celebrate
