

DJ BRK, Gold (ft. IGO)

You know that I've been really thinking
Is it me last night?
First I thought it was someone like pure gold
Now I know it was your light

Show me how your loving
So I could see it
Even if I was blind
Baby I know that your emotions cannot be
Mine all the time
And if I feel sleepy
I wanna dream about you
Woman I've been really think in black
But it's coming on it's coming back

And If I was blind
Would you show me the road
Even though that all the colors gone
I'm going on
I'm going on
And maybe your light
Can fill my blood
Woman I've been really thinking in black
Show me your love
Your love
