

DJ Clue, Jay-Z Freestyle

(feat. Jay-Z)

Old school, new school need to know this
I burn like Left Eye Lisa Lopez
Burn slow like blunts of hydro
Jigga Man, BK shit, y'all know

Jigga Man, ya heard? the fugitive..
allow me to spit on this Clue shit,
allow me to thank the people for all of their support, and your prayers
and all the people that prejudice me, fuck you, suck my dick..

[Verse 1]

D.A. act like a nigga starvin' for Jay
if they lock me in a cage, fuck it, party away
I'm still hot, I'm still S dot ya'll
still got Millions buried in the sock drawer
still holdin' my own on the corner nigga
what can't kill me can only make me stronger nigga
and when I get back home
get your ass up out the throne
it's just goin' back to the way shit was
I'ma stay hot no matter what my shit does
I could drop a straight dud, I'ma stay up
niggas tryin' to break my will
you know that ain't my steel
I'm Destiny's Child, my fate's been sealed
You're dealin' with a higher power
I'm like Dwight Eisenhower
My life can move a thousand miles and hour
reflect me folks
As my world turns like the wheels on a bicycle spoke
It's much deeper than a soap, it's a constant drama series
All they see is money, they want me to blind the jury
All this bullshit can make the mind weary
But my theory is the sun shines clearly
(The Sun will shine clearly!)

[Verse 2]

Now everybody wanna rhyme like Hov'
'cause I rhyme like I be rhymin' in the Rov'
climbin' in them hoes
my minds like the diamonds, I'll blind you at them shows
I don't shine, I glow
I remind you of that dough
don't I? murder niggas won't I?
my persona, hustler turned rapper, smell the crack aroma
send shots like toma! in any language
leave niggas in a coma when I'm bangin' that Fifth
get chicks lit off Coronas and bamboo spliffs
and get the camcorder to camcord their hand movements
and for what? ya'll actin' like ya'll better than Hov'
ya'll niggas should open up for the Letterman show

[singin]

niggas is funny,
all I do is get money and ya'll niggas sound funny to me
everybody's rappin' like they better than Hov'
but thats shit's real funny to me

[rappin]

I'm at the forefront of this rap shit, truth is truth
look around at all the platinum, proof is proof
listen to how niggas is rappin', thats do to who?

but I'ma let niggas live 'cause it's beautiful

Live niggas...

Jigga Man ya heard? Clue...Duro...
