

Dj cyrus, Don't break my heart

Don't break my heart.
Don't let me down.
Don't break my heart.
Don't make me frown.
You got me by surprise,
Just like a rainbow in the night
Weighin' on up in your eyes
I could see diamonds shine so bright.
I never realised
You'll be the one to make it right.
You got me hypnotised.
Before my life was black and white.
You and me make a team.
I want you near me every day.
Last night I had a dream.
You went away.

[2x]

Don't break my heart.
Don't let me down.
Don't break my heart.
Don't make me frown.
We're getting serious.
Life by your side could be so nice.
You're so mysterious.
Yesterday you were cold as ice.
I want a higher feel
Before your feelings are the same.
Were your smiles for real
Or is it a game?

[2x]

Don't break my heart.
Don't let me down.
Don't break my heart.
Don't make me frown.
