DJ Khaled

celebrate for the ones who lost  
celebrate with the ones we got here  
middle fingers to the ones that's not here  
ain't no love  
ain't no love lost

celebrate for the ones who lost  
celebrate with the ones we got here  
middle fingers to the ones that's not here  
ain't no love  
ain't no love lost

people tend to lose it  
they see you comin' up  
and you were talkin' stupid  
you wish you bit your tongue  
you blood is burning butane  
I know it eats you up  
and I just keep it moving  
it heavy got you stuck
