DJ Khaled

celebrate for the ones who lost
celebrate with the ones we got here
middle fingers to the ones that's not here
ain't no love
ain't no love lost

celebrate for the ones who lost
celebrate with the ones we got here
middle fingers to the ones that's not here
ain't no love
ain't no love lost

people tend to lose it
they see you comin' up
and you were talkin' stupid
you wish you bit your tongue
you blood is burning butane
I know it eats you up
and I just keep it moving
it heavy got you stuck
