

# DJ Limmer, Close Your Eyes

1.If you wanna know  
Tomorrow morning i have to leave  
But wherever I may be  
Best believe I'm thinking of you  
I can't believe how much I love you  
All we have is here tonight  
We don't want to waste this time  
Give me something to remember  
Baby put yours lips on mine  
And I'll  
Love you  
Ref: forever  
Anytime that we find  
ourselves apart  
Just close your eyes  
And you'll be here with me  
Just look to your heartJust close your eyes  
And you'll be here with me  
Just look to your heart  
And that's where I'll be  
If you just close your eyes  
Till your drifting away  
You'll never be too far from me  
If you close your eyes  
And that's where I'll be  
If you just close your eyes  
Till your drifting away  
You'll never be too far from me  
If you close your eyes

2.I know I'm gonna see you again  
But promise me that you won't forget  
Cause as long as you remember  
A part of us will be together  
So even when you're fast asleep  
Look for me inide your dreams  
Keep believing in what we're sharning  
And even when I'm not there to tell you  
And I'll  
Love you  
Ref:....

Is there anywhere that far?  
anytime you're feeling low  
Is there anywhere  
That love cannot reach?  
Oh no  
It could be anywhere I'll be  
Oh baby if you want to see  
Just close your eyes  
And you'll be here with me  
Just look to your heart  
And that's where I'll be  
If you just close your eyes  
Till your drifting away  
You'll never be too far from me  
If you close your eyes  
If you just close your eyes  
Till your drifting away  
You'll never be too far from me  
If you close your eyes  
Just look to your heart  
And that's where I'll be  
If you just close your eyes  
Till your drifting away  
You'll never be too far from me

If you close your eyes  
Oh no  
Just look to your eyes  
If you wanna know
