

# Dj Refresh & Jakob Malibu, Give Me The Sign (fe

left you teared apart  
with your broken heart  
left u all by yourself  
we just can't deny  
can't justify  
but I see it's ok

you can start it over  
come a little closer  
you fallen on the ground so hard  
it's doesn't really matter  
wouldn't be better  
every .. rolling tonight

baby just Give Me The Sign  
we can light it up  
the spark between us  
baby just Give Me The Sign  
we can make it up  
just make the feel right  
baby just Give Me The Sign

let me make you feel  
like the ...  
night is as deep as dark  
heart's beaten fast  
would it make it last  
use yourself in the lights

you can start it over  
come a little closer  
you fallen on the ground so hard  
it's doesn't really matter  
wouldn't be better  
every .. rolling tonight

baby just Give Me The Sign  
we can light it up  
the spark between us  
baby just Give Me The Sign  
we can make it up  
just make the feel right  
baby just Give Me The Sign
