Dreamland

(I'm) waiting

I'm waiting for you in my dreamland

I'm talking about my heaven

Tell me that you'll be there (tell me that you'll be there)

(I'm) sailing

I'm sailing the course of the river

I'm leaving the way of the real world

Maybe you'll understand (maybe you'll understand)

I feel the love

We're living inside of our passion

Oh oh oh

I give you love

open your heart

I feel the love

it's my real sensation

Open your heart

As you know
