

DJ Sammy, Beautiful Smile

My love is like a turning wheel
It is spinning, spinning around
Waking up see your beautiful smile
I know every second counts

My love is like a turning wheel
It is spinning, spinning around
Sunny days when I call your name
I'd do anything, just for your love...

My love is like a turning wheel
It is spinning, spinning around
Waking up see your beautiful smile
I know every second counts

My love is like a turning wheel
It is spinning, spinning around
Sunny days when I call your name
I'll do anything, just for your love

Just for your love
Just for your love

And if I stumble
And if I fall (if I fall)
Will you help me?
Help me back on the ground (back on the ground)

When I'm confused
And afraid of the dark (afraid of the dark)
Will you hold me tight,
and show me all of your love?

(if I fall)

My love is like a turning wheel
It is spinning, spinning around
Waking up see your beautiful smile
I know every second counts

My love is like a turning wheel
It is spinning, spinning around
Sunny days when I call your name
I'll do anything, just for your love
