Dj Satomi, Castle In The Sky

Theres a place in my mind No one knows where it hides And my fantasy is flying Its a castle in the sky

Its a world of our past Where the legend still lasts And the king wears the crown But the magic spell is law

Take your sword and your shield Theres a battle on the field Youre a knight and youre right So with dragons now youll fight

And my fancy is flying Its a castle in the sky Or theres nothing out there These are castles in the air

Fairytales live in me
Fables coming from my memory
Fantasy is not a crime
Find your castle in the sky

Youve got the key
Of the kingdom of the clouds
Open the door
Leaving back your doubts

Youve got the power To live another childhood So ride the wind That leads you to the moon 'cause..."
