

DJ Shadow, Right Thing

This tape collection gets bigger every minute
I find it very hard to fit the music to the mood
And there's nothing worse than to make the wrong choice
Except to sort right through and find nothing suitable

But then
I find
Just the right thing ...

But then
I find
Just the right thing

But then
I find
Just the right thing

But then
I find
Just the right thing

But then
I find
Just the right thing

But then
I find
Just the right thing

But then
I find
Just the right thing
The right thing
The Right thing
The right thing
The right thing
The right thing...

Right right right right right

Pure energy!
