

# DJ SNAKE, Talk (ft. George Maple)

Touch of your skin blurring my vision  
Seeing the same film again  
Closer you pull me  
Under the table  
Sign of how this might end

But if you don't want to hold me  
Maybe I can change your mind  
Coz Im waiting, hesitating  
And it's other ways to leave it  
But Ive only asked for you  
As you move your body next to me  
There's so much more to lose

When you talk, talk  
All you wanna do is talk, talk  
All I wanted was /3x  
Your reckless heart
