[E-40:]
I'm in my steppers on two shoes
Breakin all tha rules
Two hitters man
Two fools
Two hammers man
Two, Two's
Shining like a chandelier
Diamonds up in my ears
Sik wit a trophy on my neck
I damn near wear it anyway
Too much candy on my ride
Too many rumors I denied
Too many haters on this earth
All my life it aint been searched
Started off real smiles
But know my man less towl
Had to walk before I crawl
I had my back against tha wall

Two faces not us
Two faces at once
Gritin and getting it in
Hustle's are us
Never no punk
I'll 2 step on yo chin
I see some broads
2 steppin by they lonesome
These square suckers
They acting like they don't want none
They don't know
They don't know
They don't know
U gotta find em dough
Send em dough
Break em dough
U gotta get tha dough
Get tha dough
Get tha dough
I mean get it man
Rain, Shine, Sleet or Snow
