

DJ Unk, Comin' Down Da Street

(feat. Loko)

[Chorus x2: Loko]

I'm comin down the street, beatin on these hoes

Switchin lane to lane Chevy sittin on 24's

Got TV's everywhurr, that purp' is in the urr

Plus I'm ridin dirty so you know that I don't curr

[Unk:]

Ay, I'm comin down the street, rollin and smokin 'dro

St. Louis and Mosley Park, big bodies and bike shows

But dey can't fuck with mine, candy coated apple red

Touch a button screens spill there's Paris Hilton givin head

Hey, while I was gettin some head, I like to swerve to the curb

At my back boys in the blue, say they protect and they serve

Watchin me swerve on this purp', I put two shots in the air

Big ol' spray, fresh fruit, no kush nowhere

I got them big boy rims on the big boy whip

I rock them big boy chains stackin big boy chips

Fo'-fifty rocket unlock it, my bass stay punchin like Rocky

Hit hit, hit it then I'm gone, beat'n down yo block you can't stop me

[Chorus]

[Loko:]

I'm beat'n down yo' block, comin with tremendous knock

See me I'm fly on 26's systems, bitches keep spinnin when I stop

Yup, I got that drop, but jackers got that glock

Come through when you see Big Oomp cause you know I gotta get that guac'

I'm Simpson Road in a Simpson Road Chevy

Sprayed Simpson Road green just like the street sign do you feel me

Fo'-fifty-fo' motor under the hood so you know I'm runnin

Got the traction when I'm mashin, wheels smokin, rubber burnin

You don't wanna race, my nigga don't you try

Blowin pipes oh so loud but my engine oh so quiet

You know I'm in a big boy kit with that flip-flop chameleon

Diamonds and the sun shinin got my Caddy back glistenin

[Chorus]

[Unk:]

Nope~!
