And the thing about the shit I came through, I haven't seen
But when it gets dark, it's like a nigga's havin dreams
All nightmares, the light dares to desert me
Got me like everybody wants to hurt me

So I'ma keep holdin on til, what's (left is gone)
You could put that on my nigga Boomer
These other rap cats will (give a nigga room)
But if it ccalls for me to force my way in the door
Headhuntin mother fuckers,so stay on the floor

Dogs bite, dogs fight, dogs knife
Scratch, shank, and hold all night
So when you hear (So when you hear the) the arf arf, start runnin

But I don't like drama so I say to myself (say to myself),
"Keep focus with this rap shit and pray for the wealth
