

DMX, We Right Here

[DMX]

Uh, uh, uh, uh

[Chorus]

Bring it! What?

We right here

We're not goin anywhere

We right here

This is ours and we don't share

We right here

Bring your crew cuz we don't care

We right here

Uh, uh, uh

[Verse 1]

One mo' time,

I gotta hit the streets off, make the streets talk

Let 'em know it ain't a sweet walk

This gone be

The only joint made this year that'll knock 'til 2003

And y'all gone see

That the hottest nigga out there, was, is, and will be me

Just like that

I can go away for a minute, do some other shit, but bounce right back

And when it's on

I'm comin strapped, with some shit that'll spit from dusk 'til dawn

And when you gone

Ain't no comin back in the morning, like that shit was a dream

Nigga you gone

That's for real

Creep niggas like a seal, totin steel, stick a nigga make him squeal

Oh my God

Those can't be the last words of ya man, damn ya man was so hard

Come on!

[Chorus]

[Verse 2]

Here we go again

How many million did my last one sell? Fuck it, I'm goin for ten

It's never gone stop

And ever fuckin time I hit you, it's goin straight to the top of the charts

The champion

I'm a thoroughbred, my blood is strong, and I scratch 'til you done

Cross the line

And ain't no more scratches after that, straight up, niggas is dyin

Yo, what the fuck

Is you cats doin runnin around like this, like you won't get stuck

Yo, that's my word

I stay givin it to niggas, and I stay not really being heard

But, y'all gone see

That the same things thou done to them, will be done to thee

And then you'll know

That sometimes though you come thru the front, you leavin out the backdo'

Come on!

[Chorus]

[Verse 3]

Bring the noise

And you better come with niggas you don't give a fuck about,

Cuz you gone lose your boys

Cuz we don't play
And the silencer will silence any cocksucker with somethin to say
Dog for life
Whether I'm on or off the leash I bite, streets are my life
Click click boom [gunshot]
Another life taken too soon, another mother had a funeral
Still waters run deep
And the pain is forever alive inside, makes it hard to sleep
But I keep goin, goin
Shit I'm always careful when I walk, I'm always seein, knowin
The dog gone live
Stay walkin the wire, over the fire, when I can I give
The dog is good
And how it's stayin dog gone fuck with the hood
The dog fuck with the wood

[Chorus 2x]

[DMX]
We right here
Uh, uh, uh

[Repeat until fade]
