

# Do, Love Is Killing Me (Good Version)

Oh oh 4x  
ow yeah 2x

Gotta have you, working over time  
Does it matter, if I cross the line  
I'm addicted, keeps me up all night  
I don't care if, isn't wrong or right

Bridge:  
Do you know, does it show what I really want?  
Do you know, do you know?

Chorus:  
Is it love that I feel for you  
tell me what am I supposed to do  
can't you see what it does to me  
confusion is poison in my mind  
love is killing me ( love is killing me)

oh oh 2x

Turn the lights down low  
take it nice and slow  
Push your body real close to mine  
Did I lied that you're invited  
On the day that I couldn't hide

Bridge:  
Do you know does it show what I really want?  
Do you know, do you know?!

Chorus:  
Is it love that I feel for you  
Tell me what am I supposed to do  
Can't you see what it does to me  
Confusion is poison in my mind  
Confusion is poison in my mind  
Love is killing me

oh oh 2x

don't you hesitate  
don't you be afraid  
we can't go on like this (we can't go on like this)  
always again this fall  
this time we're gonna fall  
falling (falling falling)  
fall in love

chorus 2x
