

Doane Melanie, Absolutely Happy

How did I think it would be
Maybe like a tv show
Half hour episodes
to solve everything and make you
absolutely happy
Absolutely happy
Now I've made you cry
Never see it coming
Always takes me by surprise
that I don't make you
absolutely happy,
Sure gonna try to make you
absolutely happy
And why should I
I'm as mixed up as the next guy
And how could I
I'm just a woman
who wants to be here by your side
Wipe those tears away
'cause they'll be here again
before we know it
Just have one thing to say
that I will never make you
absolutely happy,
I'm sure gonna try to make you
absolutely happy,
But I know I'll never make you
absolutely happy,
Still I'll try to make you
absolutely happy
