

# Does It Offend You, Yeah?, Epic Last Song

I cant believe I made it here  
Today I'm afraid of yesterday  
I wrote this letter to you my dear  
Incase, afraid, this fades away

I say baby, babe I've loved you a long time  
I try harder just to know you're all mine  
I say baby, babe I've loved you a long time  
I go happy knowing that you're alright

I called today but missed you again  
Todays the day I go up in flames  
I sent the money to you my dear  
Todays the day I burn away

I say baby, babe I've loved you a long time  
I try harder just to know you're all mine  
I say baby, babe I've loved you a long time  
I go happy knowing that you're alright

I say baby, babe I've loved you a long time  
I try harder just to know you're all mine  
I say baby, babe I've loved you a long time  
I go happy knowing that you're alright
