

Dog Fashion Disco, Bonus Track

Don't do me no favors
Don't give me no jive
Don't do me no favors, girl
I ain't got the time
An unkind woman
Went and stole my heart
So many times before
They tried to tear us apart
So many times
I have tried to love you
So many times
I've been thinkin' of you

If they're so right
But now I'm facin'
Another lonely night
But you know, lady

But now I'm searching
For the way to your heart
Don't do me no favors
Don't give me no jive
Don't do me no favors, girl
I ain't got the time
So many times
I have tried to love you
So many times
I've been thinkin' of you

So many times
I have tried to love you
So many times
I've been thinkin' of you (Repeat until fade)
