

Dog Fashion Disco, Vernal Equinox

I want to go out and get real high
So I can laugh a lot
And sing a lot
So don't ask why
I want to go out so far away
Away from you
Where I can laugh a lot
And sing about a love that's true
I want to go out and get real high
So I can laugh a lot
And sing a lot
So don't ask why
I want to go out so far away
Away from you
Where I can laugh a lot
And sing about a love that's true
I want to go somewhere I can hide
Where I can laugh a lot
A sing about a girl who lied
I want to go out and find a love
A love that's true
So I can laugh a lot
And sing about me killing you
Me killing you (x8)
