

# Dogfight, Standing Still

What I see and what I need are two different things. But I see what I need they become the same. C'mon sit back just try to relax and feel a little bit empty inside. There's still no hope at the end of the rope it feels like someone has left you behind.

Am I standing still?  
Where do we go from here?

What I see and what I need are two different things. But I see what I need they become the same. C'mon this time it seems to be fine it feels like someone has left you behind. The shit rolls out and you try to get out you fear that nothing's left inside.

Am I standing still?  
Where do we go from here?

Am I standing still? Where do we go?
