

# Dogs Damour, Back On The Juice

(3:48)

I've been drinkin' the devil's milk  
Smokin' memories made of silk  
I grew up lived my life and died  
I've been mentally crucified  
I live in a pit of snakes  
I wake up petrified with the shakes  
I'm back, back on the juice  
In the world of self abuse  
Hung out with Jesus for a couple of days  
Guess he could not dig my ways  
I went to the devils inn  
It's the only place I don't have to pay to get in  
Back, back on the juice  
So I ain't the best lookin' of guys  
I'm a sucker when I drink, a sucker when I lie  
I live in a pit of snakes  
But you guys are petrified, shake!  
Back on the juice
