

# Dogs Damour, Satellite Kid

Sometimes I feel like I am dyin inside  
Love is like smoke, it disappears through the night  
Sometimes I feel like I am drownin in your charms  
Im the satellite kid when Im in your arms  
Oh, you, youre the best thing in my life, yeah  
Come on, you, oh, wont you be my wife  
A bottle of you makes everything alright  
When Im with you everythings alright

Solo:

You, youre the best thing in my life, yeah  
Come on, you, oh, wont you be my wife  
A bottle of you makes everything alright  
When Im with you everythings alright  
Youre the goddess from the gutter, yeah, with an empty purse  
The last time you paid for a drink, yeah, was the first  
This could be tragic or sad  
But thats the way life is  
Oh, you, youre the best thing in my life, oh, yeah  
Come on, you, wont you be my wife

Solo:

Come on, you  
When Im with you a bottle is just fine
