

Dogs Of Peace, Dogs Of Peace

Out on the mountain
The Shepherd is watching
Those running from all reason
We can help them see Him

We can do our part
To change the hearts
Of everyone who's

Out there running
Storms are coming
Out there on your own
You call the Spirit
Angels hear it
The dogs of peace will guide you home

We are merely servants
Bowed before the Master
Humbled that He'd choose us
We're amazed that He could use us

To do our part
In changing hearts
Of everyone who's

Out there running
Storms are coming
Out there on your own
You call the Spirit
Angels hear it
The dogs of peace will guide you home

We can do our parts
In changing hearts
Of everyone who's
Out there running
On your own
You call the Spirit
Angels hear it
The dogs of peace will guide you home

Out there running
Storms are coming
Out there on your own
You call the Spirit
Angels hear it
The dogs of peace will guide you home
