

Dogs Of Peace, The Truth

My life hangs in the balance
Between what's lost
And You and Your cross
I've lied and alibied
My way to the end
With no way to win
I've got nothing
I've got nothing

I tell you the truth
Don't you ever think twice
You'll be with me
In paradise

Jesus, I trust
In You to know
The way I should go
And is there room anywhere
In Your kingdom?
Forgiving someone
You owe nothing
You owe nothing

I tell you the truth
Don't you ever think twice
You'll be with me
In paradise

Paradise
