

# Dogs With Jobs, So Sue Me

You don't like the way I grow my hair  
You don't get it do you? I don't care!  
You dislike the thrust of things I say  
Hey, I speak my mind every day!

So sue me, so sue me  
So sue me, lawyer's bait  
So sue me, so sue me  
So sue me, set the court date

So sue me, so sue me  
So sue me, litgate  
So sue me, so sue me  
So sue me, set it straight

You don't like it when I get my way  
It burns you up that I don't back away  
You didn't think that I would stand and fight  
Charge all you want, we'll see who's right!

It screws you up to watch me succeeding  
Your sense of justice has been receding  
It rips your guts to see me smile  
It'll be your task to walk the death row mile

What's the matter, buddy?  
Cat got yer tongue?  
Hey, I ain't shakin'...  
Meet my lawyer!

Yeah, you thought you had me in the corner  
I bet you thought that I would run for cover  
Wrap your garbage up in lawyer's fees  
Hey, you've met your match in the third degree!

Stick your habeus up your corpus!
