

# Dogstar, Behind Her

is it a crime to feel  
the way you want to feel  
if it feels good inside?  
if they tell you nothing's easy  
it's because they haven't tried

she looks behind her and she sees everything  
she shouldn't have to see  
or want to see again

understand me  
feel the way that I do  
and you will be alright  
understand me and reach out to  
what is right in front  
and waiting there for you- tonight

she looks behind her  
and she sees everything  
she shouldn't have to see  
or want to see again  
she looks behind her  
and she sees all the things  
that keep her from being again

is it a crime to feel  
the way you want to feel  
if it feels bad inside?  
understand me  
feel the way that I do  
and you will be alive- tonight

she looks behind her  
and she sees everything  
she shouldn't have to see  
or want to see again  
she looks behind her  
and she sees all the things  
that keep her from being again- tonight
