

Dogstar, Breathe Tonight

under full moon I see you there
and I beg forgiveness from your stare
have I done wrong beyond repair?
and you say that I should lie alone

and breathe tonight; feel the vibe, dream tonight
let it slide...

under full moon I lost my way
I lost everything that made you want to stay
I traded life for just one night
that has come and gone
and now I'm left

and breathe tonight; feel the bite
dream tonight that it's alright

sometimes it's cool I try to see your face, and it's not there!

breathe tonight; feel the bite
dream tonight well it's alright
breathe tonight; feel the bite
dream tonight well it's alright
