

Dogstar, Demons

My words confuse you
My eyes don't move or blink
'Cause it's easier sometimes
Not to be sincere
Somehow I make you believe

Believe

When I speak I cross my fingers
Will you know you've been deceived?
I find a need to be the demon
A demon cannot be hurt

Honest is easy
Fiction's where genius lies
'Cause it's easier sometimes
Not to be involved
Somehow I make you believe
Believe

When I speak I cross my fingers
Will you know you've been deceived?
I find a need to be the demon
A demon cannot be hurt
