

Doja Cat, Ain't Shit

[Intro]

Man

This happened one, two, three times too much

These dumb-ass niggas

[Chorus]

Niggas ain't shit, come up in your crib

All up in your fridge, can't pay rent

Look at what you did

Listen to your friends

When they said niggas ain't shit, 'cause

Niggas ain't shit, come up in your crib

All up in your fridge, can't pay rent

Look at what you did

Listen to your friends

When they said niggas ain't shit, 'cause

[Verse 1]

Umm, you could say that again

Niggas is square like Madison

I can't even really get mad at them

They fall, then I gotta facepalm

Shook him like an 8-ball and it's embarrassin'

Ten-page text, shoulda wrote a book, coulda made a bag

But he broke and he still waitin' 'til I can chill

And he really think I'ma get back to him

Doin' too much, relax a bit

Actin' like that 'cause your dad's a bitch

Must be the way that the planets is

Must be your face 'cause it's not your dick

I'm a freak, not a masochist

Shoulda known you had the baddest bitch

Left on read and can't give head

Really, you ain't shit, need a laxative

[Chorus]

Niggas ain't shit, come up in your crib

All up in your fridge, can't pay rent

Look at what you did

Listen to your friends

When they said niggas ain't shit, 'cause

Niggas ain't shit, come up in your crib

All up in your fridge, can't pay rent

Look at what you did

Listen to your friends

When they said, niggas ain't shit, 'cause

[Verse 2]

Said that's not cheatin' if I wasn't with your ass, yo (It's not)

You kept secrets and your cousin told me that, so (Your cousin)

Logical thinkin' is just somethin' that you lack, so

What you even mad for?

Lookin' like a stick up in your asshole (Mhm)

I'm not your mommy, nigga, (What?) find a new hobby, nigga

Return your fob get picked up, your shit's in the lobby, nigga (Go off)

I'm not gon' key your car, or call your fuckin' mom (Wow)

You should have paid my rent, (Woah) go get a fuckin' job (Ahh)

[Chorus]

Niggas ain't shit, come up in your crib

All up in your fridge, can't pay rent

Look at what you did

Listen to your friends

When they said niggas ain't shit, 'cause

Niggas ain't shit, come up in your crib
All up in your fridge, can't pay rent
Look at what you did
Listen to your friends
When they said niggas ain't shit, 'cause
