[Intro]

Better than me  
All of them bitches ain't better than me  
I know you wanted somethin' else at your feet  
You gon' figure out you lost one and that's me (Yeah, yeah)

[Verse 1]

Better than me  
She ain't no queen, I'm like Houdini  
Put a little magic in you like they can't see me  
She so thicky in that polka-dotted bikini  
Baby, why you frontin'? You know that I been the best  
I come for they neck, they run 'cause I'm next  
You so in denial lately, she just got you stressed  
She got no finesse, she just get undressed  
Yeah (Yeah), yeah (Yeah)  
Put the honey in the pot (Pot)  
Put a nigga in his place  
She just wanna take my spot  
Woah (Woah), Woah (Woah)  
She ain't even got my guap (Woah)  
She ain't got a lot to say (Say)  
Even though she bring that talk

[Pre-Chorus]

Better than me  
Better than me  
The best pussy  
Come from wifey

[Chorus]

Better than me  
All of them bitches ain't better than me  
I know you wanted somethin' else at your feet  
You gon' figure out you lost one and that's me (Look)

[Verse 2]

I can do that too, bitch, I can do that too  
I can get him juiced, I can make him screw, and  
Trust me, he wake up right in the mornin', or like two, and  
Just to get a smooch, and touch on that caboose, and  
What they say about it? Oh, they say either you snoozin'  
Honey, you just lose him, why the fuck he snoozin'?  
Messin' with my man, shawty, you cruisin' for a bruise  
Don't gotta be slimy, honey, swagger's what I'm oozin'  
And they call her a trick because all she got is illusions  
We walk in the room and compliment each other smoothly  
'Member how I kissed you upside down like in that movie  
Let God be the judge and we can get rid of these Judy's

[Pre-Chorus]

Better than me (Better than me)  
Better than me (She ain't better than me, baby)  
The best pussy (Best pussy)  
Come from wifey (Come from wifey)

[Chorus]

Better than me  
All of them bitches ain't better than me (None of them bitches)  
I know you wanted somethin' else at your feet (None of them bitches)  
You gon' figure out you lost one and that's me

[Outro]

You gon' figure out, baby

Careful who you fuckin' with, 'cause you just lost one  
Just be careful who you fuckin' with, 'cause you just lost one
