

# Doja Cat, Can't Wait

[Chorus]

All the things I knew  
All the plans I move  
All the men I shoo  
Mm, boy, I can't wait to get next to you  
I can't wait to get next to you  
I can't wait to get next to you  
Can't wait to get next to you

[Verse 1]

Yeah, yeah, yeah, yeah  
Here's another one about you  
Baby, I wanna gush about you  
I wanna be the stubborn crust of barnacles upon you  
If you were to become a middle-American farmer  
I'd read up on ever vegetable and harvest them around you  
Not to be too much, but I am always me around you  
But when you leave, I'm movin' very awkwardly without you  
I have never met a man who gets it like you do  
Precious as you are  
You're cursin' out your mirror, you're takin' it too far  
You need to see it clearer, I've seen it all before  
I wanna be there for you when the going's gettin' hard  
When you're feelin' like the lowest thing that no one even wants  
I wanna write you poetry and jokes and even songs  
I hope this lasts forever or at least 'til we a hundred  
Please know how much I want this

[Chorus]

All the things I knew  
All the plans I move  
All the men I shoo  
Mm, boy, I can't wait to get next to you  
I can't wait to get next to you  
I can't wait to get next to you  
Can't wait to get next to you

[Verse 2]

Yeah, and I wouldn't do this for no man  
It's a understatement if I tell you you's important  
I'm just tryna bring you drinks and assortments  
Hot towels with a mocktail by the ocean  
Top down with our ice shinin' like a snowman  
Cook you a crab boil that reminds you of New Orleans  
Don't give any time of day to these cokeheads  
We too busy gettin' experience and explorin'  
I wanna take you overseas and stop by in Paris  
And watch you taste the cheese  
Take you to Boulie and get you smellin' sweet  
And love what you je suis, I love you, mon cheri  
And if you feel the need to dip and take a breather  
Just know that I will wait or that I'd never leave  
I'm givin' you space, givin' you cover, uh-huh  
Givin' you true love in abundance, uh-huh  
Givin' and takin' because we're not a fling  
Givin' me faith that it's not another

[Chorus]

All the things I knew  
All the plans I move  
All the men I shoo  
Mm, boy, I can't wait to get next to you  
I can't wait to get next to you (I can't wait, no, I can't wait)  
I can't wait to get next to you (Boy, I can't wait, boy, I can't wait)

Can't wait to get next to you (No, I can't wait)

[Outro]

I can't wait, no, I

Boy
