

# Doktor Kosmos, Dance Dance Dance

I want to sing and dance and smile  
and I could dance a thousand mile  
and everyone look at my style

and when I've danced a thousand mile  
and I don't want to sing and smile  
I change my style

I want to sing and dance and smile  
and I could dance a thousand mile  
and everyone look at my style

and when I've danced a thousand mile  
and I don't want to sing and smile  
I change my style
