## Dolly Parton, As Long As I Love

(Dolly Parton)

Hurt is no stranger to me And oh how well I know misery You've always hurt me But I always forgive And I'll hurt for as long as I love you And I'll love you for as long as I live Oh it's my fault for loving you so deeply I'd give you my love completely I'd give you love but hurt is all you give And I hurt for as long as I love you And I'll love you for as long as I live

For as long as I love you, there'll be pain Though tears come and go My love remains the same I'll always forgive you You know that I will And I hurt for as long as I love you And I'll love you for as long as I live

Yes I've hurt for as long as I loved you And I'll love you for as long as I live
