

# Dolly Parton, Busy Signal

By: Dolly Parton

Busy signal  
That's what I get when I call you  
Busy busy  
Talking to someone new  
I wish I knew

I shouldn't worry 'cause it's probably his mother  
Or then again it could even be his little brother  
On the line  
Making me lose my mind

Hang up hang up hang up hang up  
Come on hang up hang up hang up  
Gotta talk to my baby  
Gotta tell him I'm sorry

Busy signal  
How can I tell him I'm sorry  
When I said I didn't care  
I didn't mean a word I said  
Talking outta my head

I've got to reach him now and tell him that I love him  
And from now on I'll stay right by his side and love him  
All the time  
So please somebody quit tying up the line

Hang up hang up hang up hang up  
Come on hang up hang up hang up  
Gotta talk to my baby  
Gotta tell him I'm sorry  
I didn't mean to hurt you baby  
I really really love you baby
