

Dolly Parton, Love Is Only As Strong As Your We

Love is only as strong as your weakest moment
And then that moment of weakness anyone can go wrong

Oh weak woman life's a crooked river follows the path of least resistance
I went in a wrong place at the right time where I didn't have any business
Temptation overcame me and now I'm ashamed of me
But how can I ask the one I love for his forgiveness
Love is only as strong...
