

Dolores O'Riordan, Wanted

Sitting in an armchair
With my head between my hands
I wouldn't have to feel like this
If you'd only understand
Too many misunderstandings
Causing such delay
And if it doesn't work like this
Well, I'll try another way
Oh, if this is the way you wanted it
Oh, if this is the way you wanted it
Oh, I didn't understand
Oh, I didn't understand
You know that all I wanted was
To be there by your side
And if you didn't want it
Well, you shouldn't have denied
You knew that you were someone special
Right from the start
But if you treat me badly
We'd be better off apart
