

Domestic Problems, My Only Love

Innocent love
Falling in me

I always will
You'll always be
My only love
My only love

Open my eyes
and all I could see

I always will
You'll always be
My only love
My only love

Dreaming of you in my sleep
Somehow I cannot believe
You are standing here with me
You are standing here with me

Taking my hand
Trusting in me

I always will
You'll always be
My only love
My only love

One inside two
Two maybe three

I always will
You'll always be
My only love
My only love

Dreaming of you in my sleep
Somehow I cannot believe
You are standing here with me
You are standing here with me

You are standing here with me
You are my only love
