

Dominika Sojda, MY LITTLE PARADISE

Sometimes when it's getting late
Sometimes when I want to give up
Sometimes when I fall again
I want only to come back

Sometimes when I fall in love
Which gives me only tears and pain
I wish you were here with me
I want only to come back

To the time when you were here I felt so safe I felt so safe oh
To our little paradise when I believed it will never ever end
When you were my remedium
My only pray was to be with you oh
Sometimes when I'm by myself I wish you could wish you could

Tonight when it's getting late
Still remember our time
Feel the warmth of your hand
It's enough, it's enough

It's not as easy as I thought
Turn off all of my previous feelings
I don't want to waste my time
But I still want to come back
