

# Don Gibson, Climbing Up The Mountain

(I'm climbing up the mountain I'm climbing up the mountain)  
Once I've traveled in the valley so low lonely and weary way I  
Now I travel in the valley no more yeah I'll reach the other side by and by  
Well well I'm climbing up the mountain to the sky  
I'm a going where I never never die  
I'm climbing yes I'm climbing you know I'm climbing  
Yeah I'll reach the other side by and by  
(I'm climbing up the mountain I'm climbing up the mountain)  
[ guitar ]  
Yeah I would not be a sinner oh no no no I'm climbing with my Jesus to the sky  
And I started started traveling long ago and I'll reach the other side by and by  
Well well I'm climbing...
