

Don Gibson, Didn't Work Out, Did It?

Uh huh didn't work out did it you'll have to admit it
It wasn't so easy was it didn't work out did it

You thought love had made me blind you could do just as you please
But just like a graet big ol' neon sign I could see you were cheatin' on me
Uh huh didn't work out did it...

[guitar]

Uh huh didn't work out did it...

So go on and do what you want to this time I'm ready for anything
Well I don't care much what you do I'm gonna go on and laugh and sing
Uh huh didn't work out did it...
