## Don Gibson, My Love For You

Castles were made high and mighty and oceans were made deep and wide We were made for each other that's how I feel about my love for you Up in the sky is a rainbow that some people say has no end This I don't know it's true but there's no end of my love for you Living each moment waiting for your touch Praying each night you'll want me half as much Vows that are made are sometimes broken and someone you trust and prove untrue But I'll never be unfaithful for you can trust in my love for you You can trust in my love for you
