

Don Gibson, With Your Love On My Mind

WITH YOUR LOVE ON MY MIND
(Robert Ford)

Here I sit with your love on my mind I'm blue as a man can be
So long ago you told me you'll return
Now I've been waitin' so long you think I'd learned
Here I sit with your love on my mind I'm hoping praying saying you'll be mine
And now each day I'm havin' dreams without you
And though how I long for your return
So here I sit with your love on my mind I'm hoping praying saying you'll be mine
