

Don't Die Cindy, The Rapist I Am

so that makes you the lucky one so they say,
who does he love or who does he turn away
a secret girl who doesn't know my name

but in my dream,
a rapist I am,
in my dream,
a victim you are

so that makes me the lucky one so they say,
to dream in color of the beautiful love we make,
a silent girl who can not say my name
