

# Don't Do That, Knock Knock

Today I wanna stay at home  
So motherfuckers leave me alone!  
No Parties, No fun, Just quiet,  
Today I want to try it

ref:

Knock knock i don't know who is there  
It doesn't matter i don't fuckin' care x2  
I still hear the door's knock  
And I think: What the fuck?  
Maybe should I open the door?  
Just to see something more.

ref:

Knock knock i dont know who is there  
It doesn't matter but maybe should i care? x2  
So I run down the stairs  
Through the keyhole see your face  
Oh my god, no not you!  
You know that I hate You!

ref:

Knock knock now i know who is there  
I really hate you, so go to hell ! x2  
Knock knock now i know who is there  
I really hate you, so go to hell ! x2  
Mother Fucker...
