

# Don't Look Down, Away

scatered thoughts keep runin though my head  
I keep thinking bout all the wrong things that I said  
didn't mean to bring you down with me  
i'm so stupid cuz i'll never let things be  
so take me away....

take me away....

I don't understand all those things you said  
your words fill my head  
there pushing me away  
don't understand all the things you do  
your actions break me down and get me over you  
You take me away.....

take me away.....

take me away..... (i'm trying now I can't now)

take me away.....(you get away from you now)

take me away.....(i'm trying now I can't now)

get away from you

i'm trying now I can't now

and now and now and now

get away from you, from you, from you

You take me away.....

take me away....

take me away.... (i'm trying now I can't now to get away from you now)

take me away..... (i'm trying now I can't now to get away from you now)

get away from you
