

# Don't Look Down, The Hardest Fight

I don't want to forget yesterday  
Distance is killing the memories  
It's hard to remember how it was back then  
It seems like this road will never end  
I try harder than you will ever know  
Or maybe I just don't try hard enough at all  
Nothing is the same  
It will never be the same  
Our lives will never be the same again  
So take my hand  
Let's run away  
It's doesn't matter about yesterday  
This day is ours and that dream is dead  
Life's about living what is ahead  
Life is full of questions and I may never find the answers  
The hardest fight is standing on my own two feet  
It's living my life for my hopes and for my dreams  
I've seen more lies than you will ever know  
And my doubt is greater now that it ever has been before  
My questions will never be answered  
No matter how hard I try  
So tell me what I need to hear  
So I can deal with it and just move on  
Don't tell me I want to hear  
Because I've heard it a million times before  
I've listened to ever word you've said  
And it doesn't mean a thing anymore.
