

# Don Williams, Cup O'Tea

I don't wanna be the fiery sun I just wanna be your candle honey  
I just wanna be your candle baby let the sun shine on  
I don't wanna be the deep blue sea I just wanna be your cup o'tea  
I just wanna be your cup o'tea It the sea rage on  
Let the waves roll and pound let the sun burn the ground  
Let this whole world roll around I'll be happy to have your lovin'  
I don't wanna be like a big freight train I just wanna be your walkin' cane  
I just wanna be your walkin' cane you can lean on me  
I don't wanna be like a bird in the air I just wanna be your rockin' chair  
I just wanna be your rockin' chair baby sit by me  
Let the trains roll on by lead it up to the birds to fly  
As long as you say you'll be mine I'll be happy to have your lovin'  
I don't wanna be the deep blue sea I just wanna be your cup o'tea  
I just wanna be your cup o'tea It the sea rage on
